

FLUX OPEN PLAN

HOW TO ATTACH AN H-FRAME GANGING CONNECTOR

Figure 1

1. Position the two tables so that they are flush on the long sides and have an approximately 12" space between them (Figure 2)
2. Lay the connector on top of the two frames as shown (Figure 3)
3. Adjust distance between tables until connector can slide down onto them

Figure 2

Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.
