

Mounting of Optional Wire Manager

Used on Peninsula, Runoff Desk and Table Desk

Recommended Tools

Tape Measure

Power Drill
screw bit

Pencil

Screwdriver

Drill Bits

Hardware Used Provided

#8 x 7/8" Pan Head Wood Screws

Note: *The wire manager is an exposed finished part, handle with care.*

1. Pair up the correct wire manager length with the correct desk width. This unit is to run the entire width of the unit.
2. Center the wire manager onto the width of the top.
3. Wire manager should be placed approximately 1/8" from the front edge on the underside of the top.
4. Double check mounting and mark the screws holes.
6. Fasten wire manager to the underside of top with screws provided.

Notice To Installers: Failure to comply with installation instructions will compromise the safety, durability and performance of this product, which may risk injury to the user of this product and/or diminish the product life cycle. Jasper Group assumes no liability in these instances.
