

**JSI MOVES CHICAGO  
SHOWROOM TO  
FULTON MARKET**

for immediate release

JUNE 2022

**JSI announces new Chicago location for 2023.**

JSI's presence in Chicago will see exciting changes in early 2023 as the brand relocates to Fulton Market. With significant added space and amenities, the new JSI home will occupy half of the sixth floor at one of Sterling Bay's premier developments, 345 N Morgan.

This investment is an important one for JSI, supporting two core components of the company's momentum over the last decade: an expanding platform of human-centric product designs and an enhanced brand experience focused on inspiring people and community.

"The growth and vitality of the Fulton Market district is a natural pairing for the energy and passion that has become signature to our ethos," began Ashley Sendelweck, VP of Marketing for JSI. "Our hope is for much more than a showroom, but a destination that ignites the imagination and creates memorable experiences."

JSI has teamed up with Chicago based design firm Partners by Design to bring this vision to life, planning a versatile space that blends physical and digital, areas to make and ideate, and syncing project teams across town or across country.

"Our goal is to create an environment for JSI that truly inspires," commented Arthur Garcia-Clemente, Lead Project Designer for PBD, "one that showcases their passion for craft and design, an inviting place that welcomes all to meet up for a cold drink and great conversation."
