Forge Modular Casework

for immediate release

MARCH 2024

MEET FORGE – Nurturing Connections – Elevating Spaces

JASPER, Ind., March 4, 2024 - At JSI, we understand the transformative power of a healing space. It's where passion and purpose can flourish, even in challenging times. That's why we make exceptional furniture for caregiving, recovery and rejuvenation. Our mission is to enhance spaces where health and healing occur, to offer comfort and support where it matters most—because we believe in the extraordinary potential of an environment that inspires you to love where you care, love where you thrive and ultimately, love where you heal.

Forge stands out as a premier modular casework solution, fostering connections between caregivers, patients, and designers to fashion tranquil, rejuvenating, efficient, and aesthetically pleasing environments. With its adaptable storage solutions and contemporary materials selection, Forge serves as the focal point for bringing individuals together and streamlining operations in healthcare environments and beyond.

Solutions to Enhance Care

Ensuring the caregiver is equipped with a highly practical workspace featuring integrated solid surface sinks, versatile waste management solutions, and easily maintainable materials is paramount. These materials, presented in serene, calming tones and natural woodgrains, enable caregivers to remain dedicated to their primary objectives without distractions.

Ordinary breakrooms are captivating environments that promote relaxation and rejuvenation. Elements such as soft-close doors and drawers, integrated waste cabinets, microwave shelves, and continuous toe kicks guarantee that design aesthetics are upheld while crafting sophisticated and functional spaces.

About JSI

JSI creates quality furniture for work and life while holding true to our company motto: Love What You Do. Strongly rooted in the heart of the Midwest, generations of our furniture family have been proudly practicing their craft in southern Indiana since 1876.
