Kindera Performance Recliner

for immediate release

MARCH 2024

MEET KINDERA – Where Care Meets Connection

JASPER, Ind., March 4, 2024 - At JSI, we understand the transformative power of a healing space. It's where passion and purpose can flourish, even in challenging times. That's why we make exceptional furniture for caregiving, recovery and rejuvenation. Our mission is to enhance spaces where health and healing occur, to offer comfort and support where it matters most—because we believe in the extraordinary potential of an environment that inspires you to love where you care, love where you thrive and ultimately, love where you heal.

With the introduction of our performance recliner, Kindera, we partnered with leading healthcare furniture designer Mike Shields, to create a recliner patients can feel at ease in during their treatment and recovery. Kindera embodies our drive to promote seamless, engaged care so providers can also flow through their work naturally.

Care Comes Naturally

Kindera is designed for people, centered around easy access to comfort controls like the back recline lever. Adjustment controls are intuitively located for easy access by providers so they can remain focused on the patient while providing care. The Trans4rm™ system allows either arm of the recliner to retract into the frame, creating a smooth platform for safe patient transfers. Well-placed caster lock levers make it easy for caregivers to maintain eye contact with the patient. Kindera is a one-of-a-kind achievement in function and elegance, providing a calming place for patients, so they may love where they thrive and heal.

About JSI

JSI creates quality furniture for work and life while holding true to our company motto: Love What You Do. Strongly rooted in the heart of the Midwest, generations of our furniture family have been proudly practicing their craft in southern Indiana since 1876.
