MARCH 2024

**MEET SATISSE – Comfort Where It’s Needed Most**

JASPER, Ind., March 4, 2024 - At JSI, we understand the transformative power of a healing space. It’s where passion and purpose can flourish, even in challenging times. That’s why we make exceptional furniture for caregiving, recovery and rejuvenation. Our mission is to enhance spaces where health and healing occur, to offer comfort and support where it matters most—because we believe in the extraordinary potential of an environment that inspires you to love where you care, love where you thrive and ultimately, love where you heal.

Satisse provides comforting design and a full family of seating options, so guests are encouraged to relax and find support in the moment. Partnering with Mike Shields, top healthcare furniture designer, meant we were able to tackle top concerns in healthcare today. Thoughtful design allows for seamless reconfiguration, catering to changing priorities, floor plans, and cleaning regimens.

**Innovation for Future Thinking**

Understanding the changing dynamics of the healthcare landscape, Mike Shields sought to create a solution for designers and facilities with the patent-pending MagLinx™ connectors. These glide connectors create an incredibly strong magnetic bond without requiring hardware or additional tools, resulting in endless flexibility.

Comfort is not limited when it comes to Satisse. The arm arch design ensures that individuals can effortlessly find their most natural and comfortable resting position. The subtly curved pommel arm grip provides gentle support to visitors as they transition to a standing position. Satisse is designed to feel like home, so people feel cared for the moment they step into your space.

**About JSI**

JSI creates quality furniture for work and life while holding true to our company motto: Love What You Do. Strongly rooted in the heart of the Midwest, generations of our furniture family have been proudly practicing their craft in southern Indiana since 1876.
