MARCH 2024

**MEET SOMNA – Comfort & Care That Feels Like Home**

JASPER, Ind., March 4, 2024 - At JSI, we understand the transformative power of a healing space. It's where passion and purpose can flourish, even in challenging times. That's why we make exceptional furniture for caregiving, recovery and rejuvenation. Our mission is to enhance spaces where health and healing occur, to offer comfort and support where it matters most—because we believe in the extraordinary potential of an environment that inspires you to love where you care, love where you thrive and ultimately, love where you heal.

Studies have demonstrated that the presence of loved ones significantly aids in the healing and recuperation process for patients receiving care. Understanding the importance of this pivotal caregiving dynamic, Mike Shields, a leading healthcare furniture designer, partnered with JSI to create Somna. Somna offers the comfort essential for a patient's primary support network. With features like an intuitive fold-down mattress and durable laminate surround, comfort and effortless maintenance enhance not only the overall serene ambiance but also the loved ones' rest.

**Scalable to Fit**

Somna offers versatility to interior designers and facilities, particularly in situations where space is limited. Emphasizing adaptability as a core attribute, Somna is scalable to the inch. Designed for the capability of a precise fit, even in the most compact alcoves, Somna ensures a perfect fit every time.

Somna offers users a range of choices to facilitate device charging, whether it's in-arm or undermount power outlets. With versatile arm, caster, glide, and power options, combined with a contemporary palette, Somna provides ultimate flexibility.

**About JSI**

JSI creates quality furniture for work and life while holding true to our company motto: Love What You Do. Strongly rooted in the heart of the Midwest, generations of our furniture family have been proudly practicing their craft in southern Indiana since 1876.
