

a conference collection

RAW. AUTHENTIC. NATURAL.

Native tables, lecterns, credenzas, and media walls take a minimalist approach to design that evokes the lines and textures of the world around us. Plus, technology is cleverly integrated into each piece, keeping distractions out of sight.

Native designed by Qdesign

meet Native.

EVERY MEETING FINDS ITS MATCH.

As offices change to serve more than one purpose, Native sets the stage for focused work and impromptu office collaboration.

EXTRA TOUCHES THAT SERVE A PURPOSE.

Every Native piece is designed to add something important to a space. Magnetic wire management, integrated storage compartments, and in-surface power options work hard to make conferencing easy.

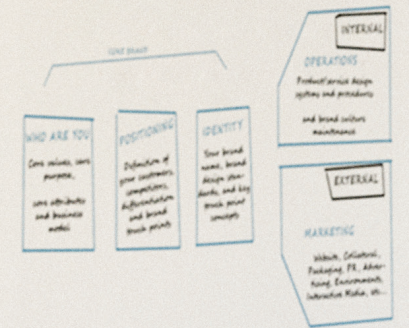

Native is full of touches that seamlessly fit together. Like modern design and industrial finishes. Clean lines and integrated technology. And pieces that work together, from the table to the storage.

- RECOMMENDATIONS

power options

Multiple power placements combined with easy access panels create charging areas with ease.

additional options

Wall mounted credenzas provide storage without taking up floor space and trash can options in credenzas hide visual clutter.

tables/desks

credenzas

ancillary

additional options

Offset nesting for markerboards provide organized storage and coat hooks add convenience.

additional options

Concealed adjustable height mechanisms create opportunities for flexibility in meeting rooms.
