JUNE 2024

INTRODUCING COSGROVE EXECUTIVE CONFERENCE SWIVEL

JASPER, Ind., JUNE 17, 2024 – JSI is proud to announce the introduction of a new slimline executive conference swivel chair known as Cosgrove. With its sleek design profile, mid-century materiality, and upholstery detailing, Cosgrove makes for a sophisticated take on the contemporary executive chair.

MID-CENTURY STYLING, CONTEMPORARY DISTINCTION

Cosgrove harkens back to a time of Madison Avenue executives with its mid-century styling and minimalist detailing. Following the loop of the polished aluminum arm as it curves gracefully downward, this material is updated with a selection of arm caps—black polyurethane or solid wood. The smooth, warm texture of the wood provides a comfortable hand, and in symphony with the loop, embodies a perfect blend of form and function.

The quilted back detail offers a polished touch on the sharp yet welcoming Cosgrove. Standard on Cosgrove, this detail elevates the classic appeal of the executive conference swivel and is particularly highlighted when dual upholstery is utilized.

Cosgrove features a polished aluminum swivel base and is also available in a 4-star guest base in polished aluminum. This extension of the seating line allows for the consistent design elements of Cosgrove to be carried throughout the space.

QUICKSHIP AVAILABLE OPTIONS

We are excited to introduce two models of Cosgrove in our standard Quickship offering. Both a mid back and a high back executive swivel, in black faux leather and black polyurethane arm caps will be available to ship within 10 days!
