Davenport with Crypton®

Well protected with our exclusive Crypton finish, Davenport is a beautiful, quality leather with a soft hand and a good drape. Offered in over 30 colorways, Davenport is aniline dyed and finished with a durable yet light finish making it an excellent choice for a broad range of applications. Natural markings are minimized by enhancing the surface with an embossed natural grain which maximizes yield and cutting area.

Pattern	Origin	Leather Type	Thickness	Hide Size	Abrasion	Light Fastness	Wet Crocking	Flame Resistance
Davenport with Crypton	USA	Pigmented	1.0-1.2 mm	48-52 sq.ft.	ASTM D7255: (1000 gram/1000 cycles)	ISO 105-B02: Blue wool Scale ≥ 5	ASTM D5053: Class 5	NFPA 260: Class 1; CAL TB117-2013; Boston Fire Code; NY/NJ Port Authority; IMO 2010 FTP Part 8 (A.652 (16))

Care & Cleaning Recommendations

Cortina Leathers with Crypton provide the industry's greatest stain resistance and cleanability. Stains which can be easily removed include wine, coffee, sunscreen, hair gel, hair mousse, vinegar, blood, urine and most other stains from food and typical soiling. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth or paper towels. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. If necessary, Cortina's running-line Crypton® protected leathers can be cleaned with cleaners containing up to a 5% bleach solution (Sodium Hypochlorite). However, most stains can be easily removed using just gentle soap and water or the readily available commercial and household cleaning products listed on our website.

Note: To ensure complete removal of any stain from Crypton-treated leathers, the cleaning process must be undertaken within 60 minutes of any spillage or staining occurring. Successful stain removal will become less possible over time, so always treat spills and stains immediately. Avoid the excessive application of cleaning products on seams or stitching.
