

**COLD JET GLOBAL HEADQUARTERS | Loveland, OH**

Dealer: Office Furniture Source

## Portfolio Cold Jet Global Headquarters

### **COMMITMENT TO A CLEANER, HEALTHIER PLANET..**

---

Cold Jet Global Headquarters tasked Office Furniture Source with creating spaces that centralized operations, enhanced customer engagement, and allowed for future growth, all while promoting and cultivating the brand of Cold Jet and a mission of "commitment to a cleaner, healthier planet".

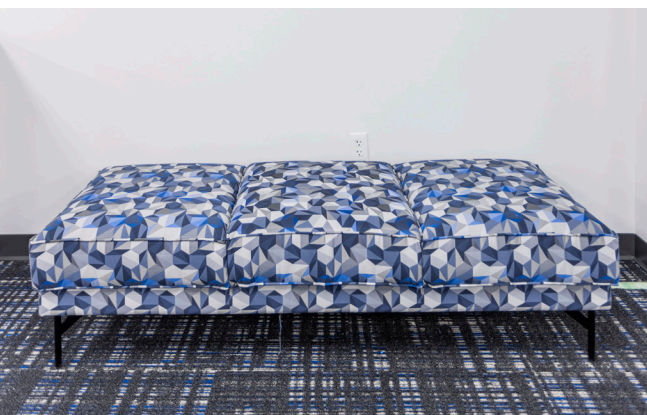

## Portfolio Cold Jet Global Headquarters

With the combination of their previous two Cincinnati locations, Cold Jet was able to include their headquarters, manufacturing, and production at one location, in hopes to improve efficiency and communication, ultimately increasing the customer experience. The spaces featured at their global headquarters include a state-of-the-art showroom, allowing customers to experience first-hand Cold Jet's capabilities in dry ice blasting and production.

Spaces are outfitted with furniture in crisp blues and whites and accented by bright metallics and natural stone textures. Office Furniture Sources layered in natural greenery touches that enrich areas, ensuring no space feels as cold as the dry ice Cold Jet produces.

The use of our Poet series, in the Cube version, as the predominate lounge series speaks to its versatility as seen through the many different spaces, punctuated by Arwyn occasional tables. Garvey R5 swivel chairs used with the Collective conference table, provide the sleek comfort required. Oxley benches enhance the art gallery experience where guests can view the artistic polar bear expressions.

## Portfolio Cold Jet Global Headquarters

The spectacular dining areas are outfitted beautifully in both Millie and Avini stools and chairs. The additional use of Moto tables, Connect highback seating, and Teekan armless swivels round out the robust JSI offerings at this amazing facility. Kudos to Lisa Proctor-Viel, Alyssa Miller, and Molly Dietz Hartman at Office Furniture Source and congratulations to Cold Jet on a beautiful global headquarters.
