

Crafted furniture, for life away.

Rooted in the Midwest. Built for what's next.

PRODUCTION

Klem has always been known for comfort, customization, and control—made with care and crafted for hospitality. And now, we've expanded our capabilities to meet the needs of even more projects, more properties, and more design visions – regardless of the hotel star or rating level. We've added select international sourcing partnerships to complement our trusted U.S. production—giving you more material options, greater design flexibility, and the ability to quote projects not possible before.

PRICING + WARRANTY

Klem offers an industry leading 5-year limited warranty on all of our products.

PACKAGING + SHIPPING

Klem ensures seamless, cost-effective shipping. Flexible options match your timelines, ensuring the delivery of your caseloads is on time, hassle-free, and without hidden fees. No ships, ports, or canals will interrupt the delivery to your property.

Tailored to your installation schedule, Klem will deliver by truckload, eliminating the need for warehousing or on-site storage. Our secure packaging reduces waste on the jobsite and is primarily recyclable.

Holiday Inn H5
H5 combines inviting aesthetics with unparalleled convenience into a space that makes you feel as if you never left home.

Sustainability-minded, for healthy environments.

As a MindClick sustainability leader, Klem is dedicated to fostering a healthier planet through environmentally and socially responsible manufacturing. MindClick, a sustainability assessment program, evaluates products for their environmental and social impact, from raw materials to end-of-use. Our casegoods, with significant recycled content and recyclable packaging, showcase our dedication to reducing environmental impact.

Our mission goes beyond crafting beautiful furniture; we strive to provide durable, high-value products aligned with social, environmental, and ergonomic values. Focused on "Sustainable Partnerships," we are committed to process and product lifecycle management, continuously innovating for our customers and the environment.
