hangout hideaway

Bring your "good vibes" state of mind.

DESIGN INTENT

"Eye-Catching" Vibes

Whether it's an extension of the bustling café, a wellspring of inspiration for the maker space, or a secret hideout from the work zone, this versatile space has you covered. Lounge groupings spill into the aisleway, beckoning guests to come and join the fun.

White brick harkens back to the original JSI factories. The lower ceiling height and cozy dim lighting reminiscent of a sunken living room, lends a residential-inspired elegance to the space. Eclectic artwork, vibrant wallcoverings, and whimsical accessories exude "eye-catching" vibes that add playful touches to this casual haven.
