

Country Inns & Suites

Country Inns & Suites

VANITY

With a fresh and airy appearance, the character-rich surfaces of stone and veneer add warmth and interest in a contemporary palette of materials.

HEADBOARD & NIGHTSTANDS

A relaxing place to unwind. The signature rough sawn oak veneer joins an applied upholstered panel with complementary colors in the nightstands to draw upon the contemporary, inviting, eclectic aesthetic. Purposeful color and contrast infuse energy and personality.

DESK & DRESSER

A combination of live 'and' work space. Componentry is optimized with a thin profile, eliminating pulls, and the use of open storage. The C-table allows additional space when in use and nests neatly below the worksurface when stored.

STORAGE

Adding a touch of home and leave your things at the door. The multi-functional wardrobe stores luggage, coffee, refrigeration, and a sliding door to conceal other items.
