

ENERGY POLICY

Klem is committed to the use, conservation and continuous improvement of energy and energy performance in a sustainable manner which will provide value and added benefit to all stakeholders.

Klem commits to the following:

- Compliance with applicable laws pertaining to energy.
- Collection and reporting of energy data.
- Establishment of baselines and benchmarks as applicable.
- Purchase of Energy Star qualified appliances, equipment and systems, when possible.
- Review of this policy at least once every five years.
- Reduction in total energy consumption based on the running average.

Klem stakeholders share in the responsibility for the conservation of energy for the present and future.

Approved this 7th day of February, 2015.
