PRINGLE-WARD HAS NEW OWNER AND PRINCIPAL

We are excited to announce Susan Goldschrafe will be representing JSI & Community brands in New York City as the new owner and principal of Pringle-Ward. Susan brings with her 21 years of furniture industry experience.

Pringle-Ward's longtime owner and operating principal, Roy Lamendola, has begun the process of transitioning into a well-deserved retirement. Roy and Susan will work together over the next several months to ensure a smooth transition.

Susan is thrilled for this opportunity and looks forward to providing dealers with the continued integrity and excellence expected from Pringle-Ward. Kevin Clark, Cara Lamendola and Walter Rydd will remain in their current roles. Roy will be available throughout the transition.

Pringle-Ward is a manufacturer's representative firm, representing JSI and Community in New York City, Long Island and New Jersey. Pringle-Ward operates from the JSI and Community showroom in the New York Design Center, 200 Lexington Ave, Suite 1514.

JSI and Community are a part of the Jasper Group family of brands, reaching a broad range of markets, price points and customers. JSI is furniture for business interiors in the upper mid-market range. Community is furniture for public spaces, providing solutions in environments where people gather, dine and learn.
