

*redefining meeting spaces*

ANTHOLOGY

## A COLLECTION OF INSPIRED SOLUTIONS

---

At its heart, Anthology is more than a furniture series—it's a carefully curated collection of ideas and innovations designed to transform meeting spaces. With a harmonious blend of tabletops, bases, integrated power, and storage, Anthology empowers you to create elegant, adaptable environments where collaboration thrives and ideas flourish.

*meet Anthology.*

## INSPIRED BY DESIGN, PERFECTED BY ENGINEERING.

Bridgeline, the innovative heart of Anthology, draws inspiration from iconic design principles—combining the precise tension control of a guitar truss rod with the engineering elegance of a low profile suspension bridge. Like a bridge's tension cables, Bridgeline's adjustable tension rod ensures flawless stability and strength across broad, unsupported spans, accommodating diverse top materials such as wood, stone, and glass. This patent-pending system achieves a seamless balance of form and function with a minimalist profile and structural ingenuity.

**BEAUTY LIES IN THE DETAILS.**

Anthology stands out with refined touches like understated credenzas, graceful fluted base details, and sophisticated edge options—seamlessly blending practicality and style.

## FLEXIBILITY OF CHOICE.

With thoughtfully integrated solutions, Anthology ensures a clutter-free surface, combining productivity and aesthetics to elevate modern meeting environments.

Transform any meeting space. From intimate huddle rooms to expansive boardrooms, Anthology's versatile options make it effortless to design the perfect environment, no matter the scale.

## UNIVERSAL APPEAL.

---

Anthology breaks the mold of traditional meeting furniture, redefining its role in spaces beyond the boardroom. It adapts effortlessly to unexpected applications—whether it's a collaborative workspace, dining area, or anywhere in between.

Make a statement with Anthology's tables and bring energy to every space. Metal bases can add a striking pop of color or a sleek, modern touch. Perfect for touchdown areas, these designs invite connection and inspire creativity.
