### TRANSFORM SPACE INTO SOMETHING MORE

With clean lines, open shelving, and a generous surface, Draft creates space for focus, flexibility, and flow. Whether you're mapping ideas, laying out materials, or leading a team session, it adapts to your process with quiet confidence.

## DRAFT

---

### THE GRAIN SAYS IT ALL

This isn't just a surface—it's a starting point. Solid walnut, full of character, shaped with intention. For focus, flow, and the kind of work that draws people in.

## DRAFT

---

### BUILT FOR IDEAS IN MOTION

Room to sketch, spread out,  
and share ideas in the  
moment. A surface that  
supports focus—and invites  
collaboration without saying  
a word.

## DRAFT

---

### SPACE TO LEARN, ROOM TO GROW

Draft's generous surface and thoughtful proportions make it easy to focus, connect with others, and support a variety of study or group work needs.

## DRAFT

---

### POWER MOVES

Draft creates space for people to come together—with power at their fingertips and room to think, share, and build ideas side by side. Integrated outlets keep collaboration flowing and technology charged, so nothing slows the momentum.

## DRAFT

---

### MATERIALS THAT SPEAK

The collection introduces materials like solid wood planks and Forbo, offering expressive surface options that bring texture, tone, and richness into the space. Every detail—from shelving to mobility—was shaped to support process, adaptability, and inspiration.

# DRAFT

---

## WHERE IDEAS TAKE SHAPE

Born from inside the JSI studio, Draft reflects our belief in furniture that fuels possibility. Designed to support movement, creativity, and meaningful work—without ever losing sight of beauty and craft.

# FEATURES

Draft was designed to adapt as ideas evolve—shifting easily between individual focus, team energy, or material play. With thoughtful details like power, storage, and mobility, it turns any space into a place of momentum.
