Native General Information

Wood Materials

Exterior surfaces are made from the finest selected veneers. Matching solid lumber wood species are used to coordinate with the veneer. High quality MDF is used on the painted surfaces.

Native is available in Cherry, Maple, Walnut, Black Oak Flat Cut or Double Cut veneer.

Case Construction

All Models

Cabinets are constructed with dowels reinforced with screws, cleats and metal fasteners for increased stability. The metal glide housing inside the base provides for accurate leveling. Cabinets, with the exception of the waste credenza and hospitality carts, have sliding doors.

Laminate Models

Panels for chassis consist of a 3/4" thick substrate with TFL surfaces and PVC bands on exposed edges.

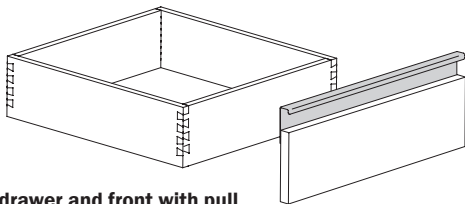

Veneer Models

Panels for chassis are 3/4" thick.

Drawer Construction

Drawers are assembled using a four corner dovetail box and 3/4" thick drawer bottom panel construction. The exterior front is attached separately. Sides and backs are approximately 1/2" thick solid hardwood. Drawer components have a UV finish to protect against shrinking, swelling, or warping and to provide a clean smooth feel and appearance. Lateral files have reinforced bottoms.

The exterior front panel is 3-ply and 3/4" thick. The front is attached to the assembled drawer box. The anodized aluminum pull runs along the top edge of the drawer front.

box drawer and front with pull wood drawer box - DRW

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Native. Please see the chart below. Samples are available upon request.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of \$400 list per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Native Standard Laminate Offering

The chart below lists the laminates available on Native.

Laminate Options

Native Bases

Native's array of base styles allow users the option of a raw open aesthetic or a closed, polish function.

Open Loop Base

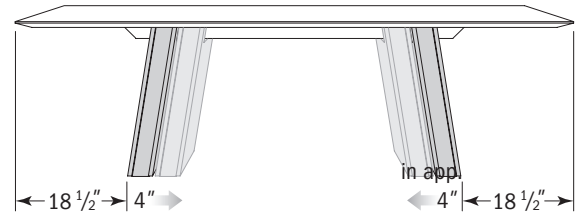

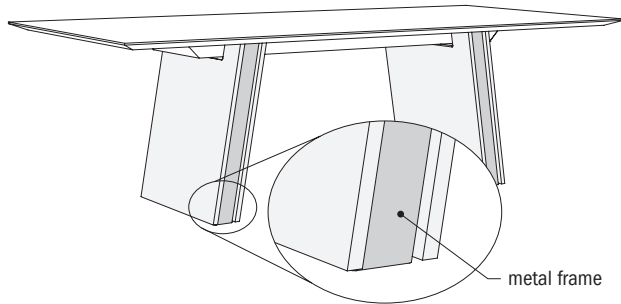

Welded steel frame. Use NAB0301-24LBWM for magnetically attached wire management.

**Note: NAB0301-19CLBWM is required when a top requires three bases.

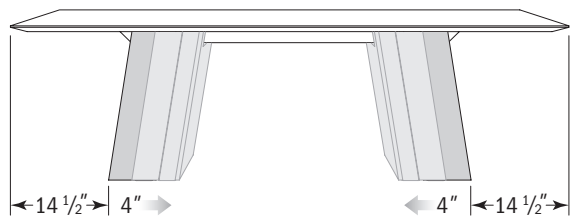

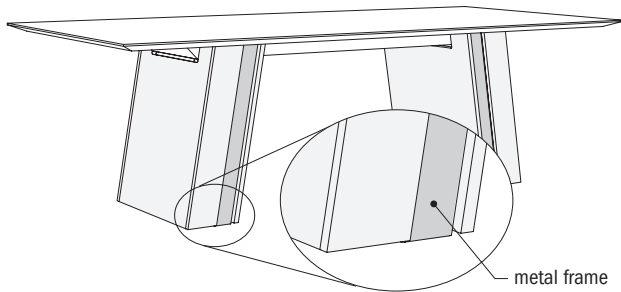

Panel Base

Panel encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted panel. Design allows horizontal adjustment.

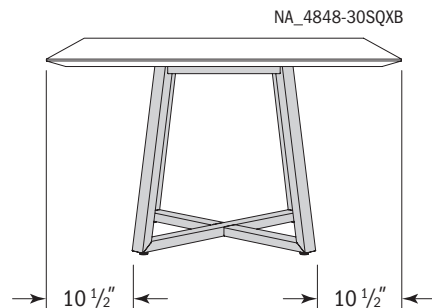

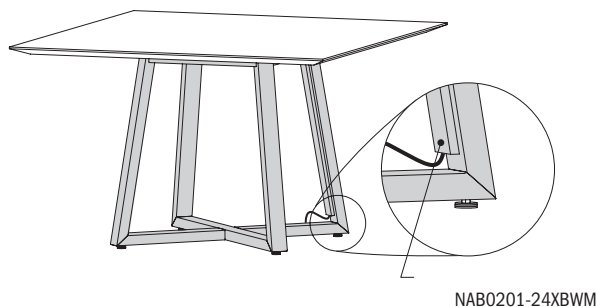

Box Base

Box encloses welded steel frame. "T" models: Choose any laminate for panel. "V" models: Choose matching veneer or painted box. Design allows horizontal adjustment.

X Base

Welded steel frame. For round and square tables only. Use NAB0201-24XBWM for magnetically attached wire management.

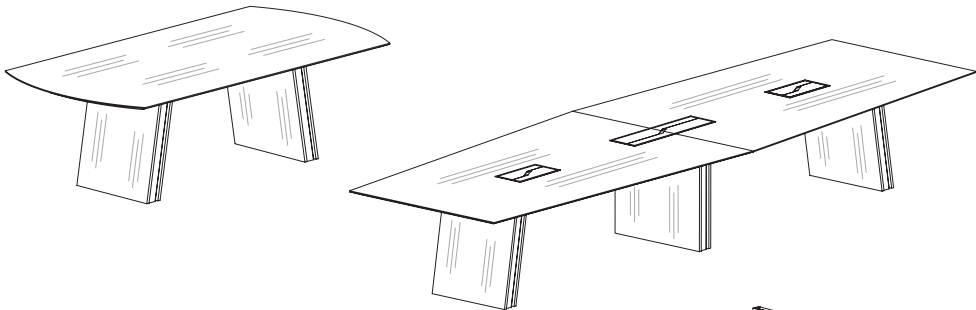

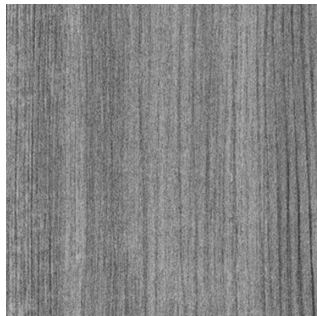

NA_4848-30SQXB

NAB0201-24XBWM

Native Applied Materials

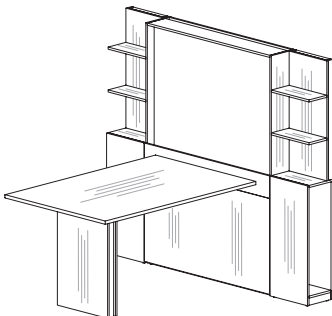

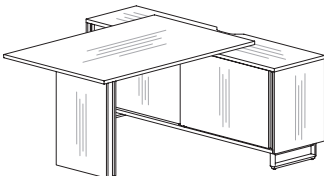

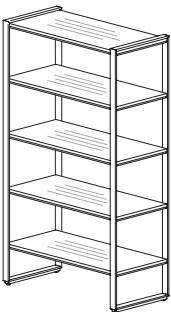

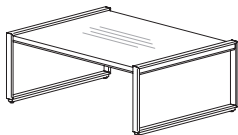

Laminate Grain Direction

Laminate grain runs vertical as standard on all vertical surfaces. Worksurfaces run long grain. Below are examples of laminate grain direction.

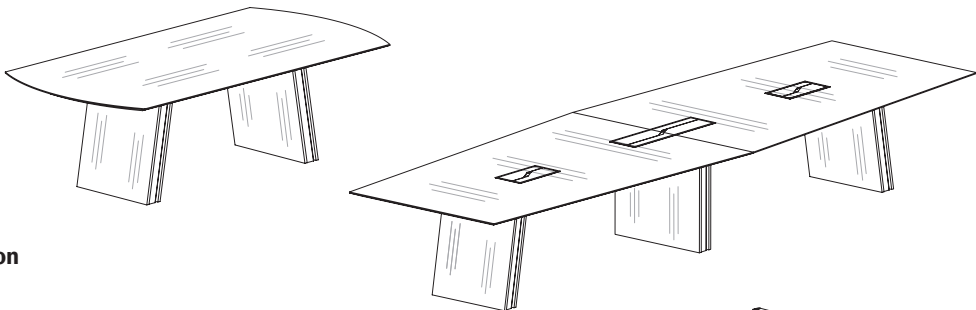

Laminate Grain

Laminate grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

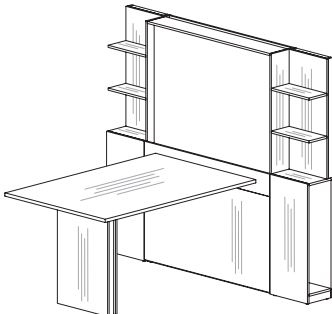

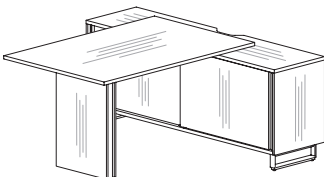

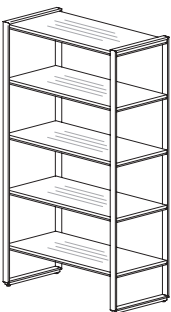

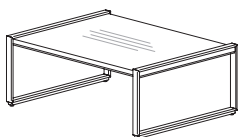

Essentials & Artisan Grain Direction

Veneer grains runs vertical as standard on all vertical surfaces. 1-piece tables, runoffs, peninsula tables will run long grain. 2-piece tables will run short grain. Below are examples of veneer grain direction.

Essentials & Artisan Grain Direction

Veneer grain direction varies according to its surface. Refer to the diagrams on this page for examples of standard direction.

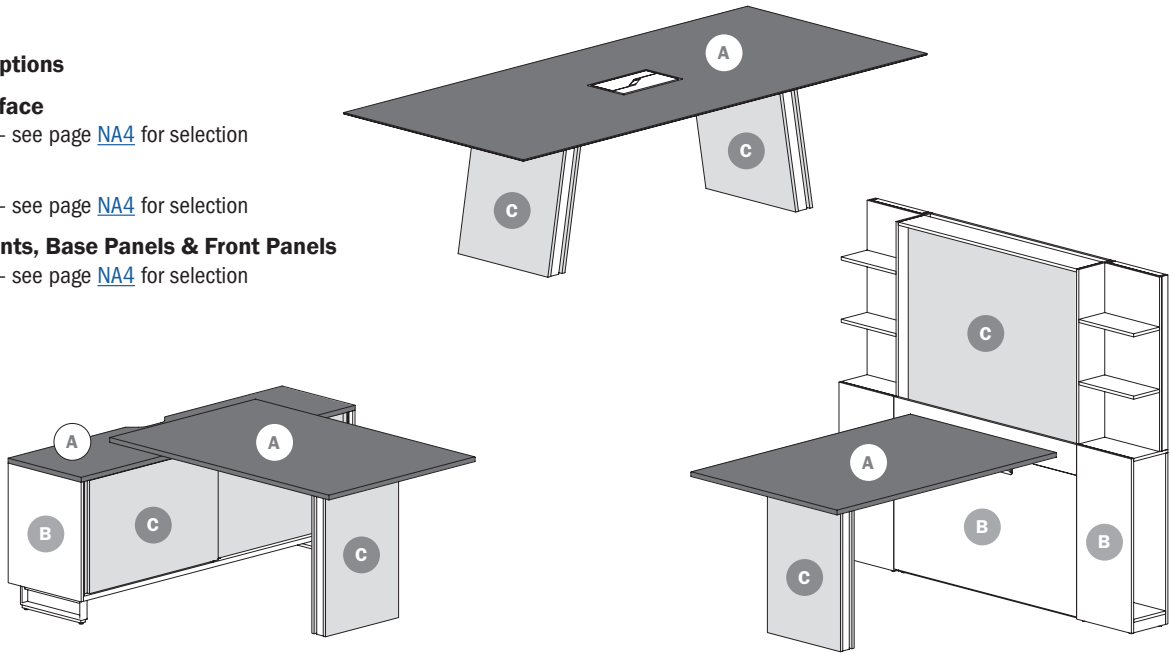

Native Applied Materials

Native Color Scheme

Native offers the flexibility to specify contrasting door fronts, or a contrasting base panels, separate from the worksurface selection. See the options available below, depending on whether a NAT or NAV model specified.

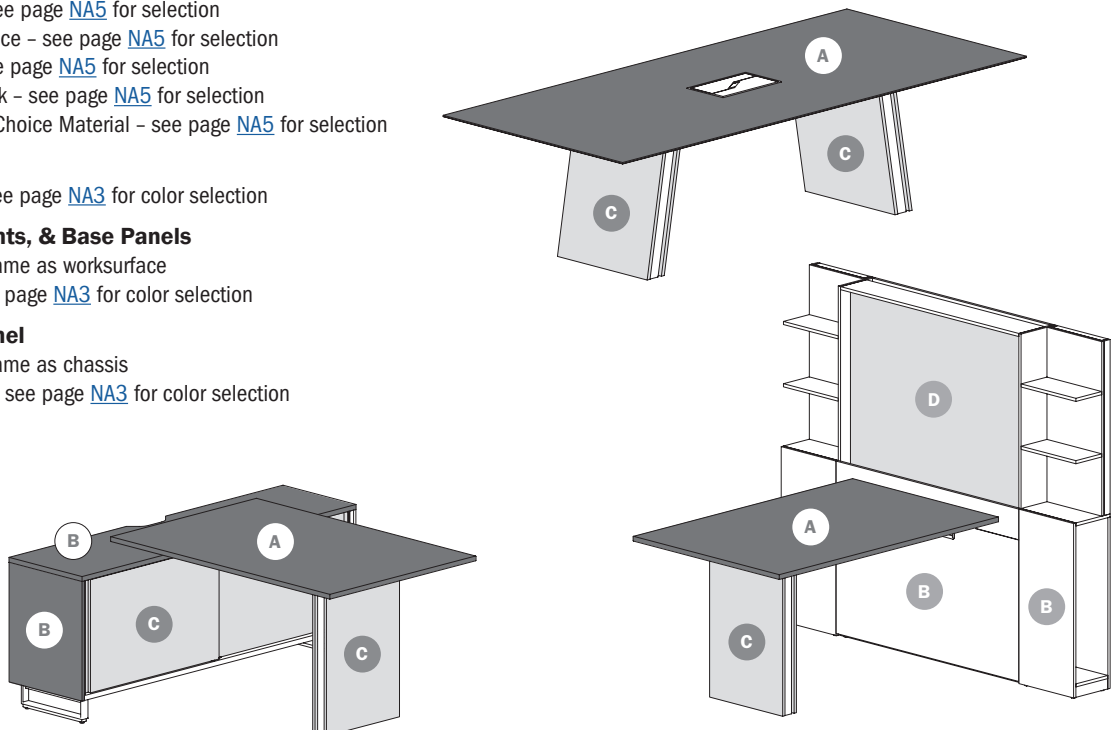

NAT Surface Options

- A = Worksurface**
Laminate – see page [NA4](#) for selection
- B = Chassis**
Laminate – see page [NA4](#) for selection
- C = Door Fronts, Base Panels & Front Panels**

Veneer – see page [NA5](#) for selection
Solid Surface – see page [NA5](#) for selection
Glass – see page [NA5](#) for selection
Wood Plank – see page [NA5](#) for selection
Customer Choice Material – see page [NA5](#) for selection
- B = Chassis**
Veneer – see page [NA3](#) for color selection
- C = Door Fronts, & Base Panels**
Veneer – same as worksurface
Paint – see page [NA3](#) for color selection
- D = Front Panel**
Veneer – same as chassis
Laminate – see page [NA3](#) for color selection

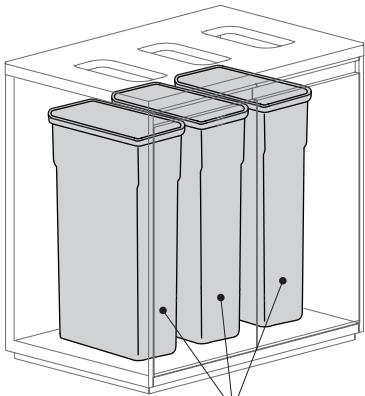

Native Product Information

Waste Credenza

PRODUCT INFORMATION

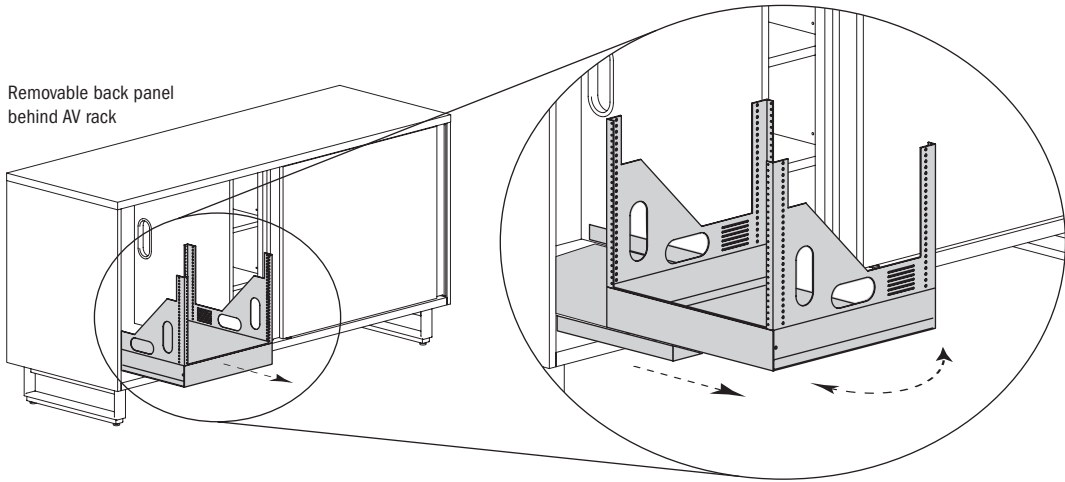

Integrated pulls are designed into all doors and drawers of Native Credenzas and are available in a variety of metal finish accents, see page [NA3](#)

Waste Credenzas accommodate three Uline Thin #H-5148 (23 gallon) trash cans, not included

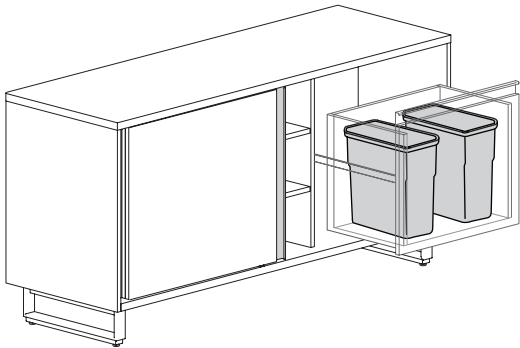

AV Credenza

Removable back panel behind AV rack

Pull-out and rotating AV rack is designed so you can access equipment and wiring. Rack can rotate 90° in either direction and can be locked in the rotated position.

Credenza Waste Drawer

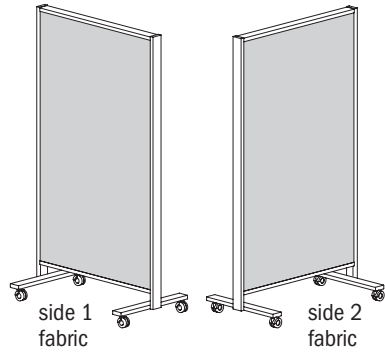

Waste drawer accommodates two Uline #S-13527 (10 gallon) trash cans, not included

Native Product Information

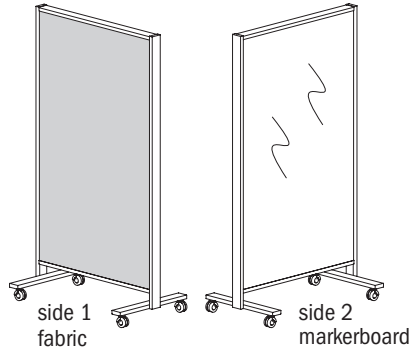

Mobile Boards

Multi-functional mobile boards can double as portable working space or serve to define boundaries within the office area. With three (3) material selections (markerboard, tackboard, and corkboard), Native mobile boards offer a variety of panel configurations to fit your needs.

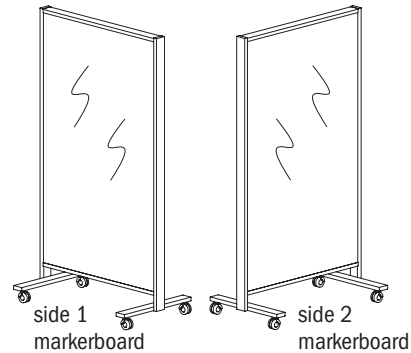

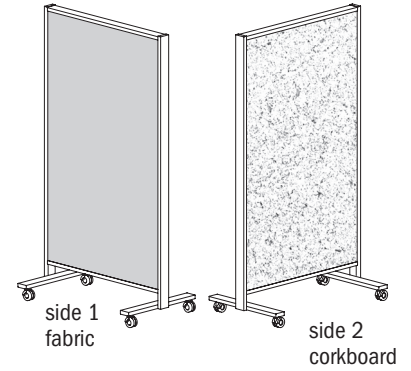

NAB2442-75MTKD

Tackboard on both sides.

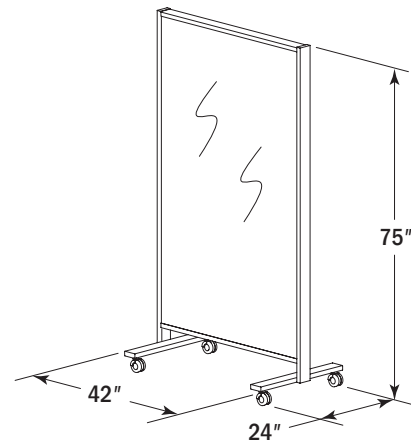

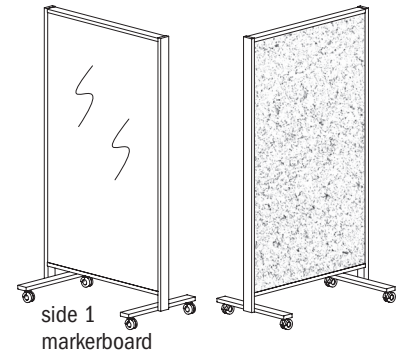

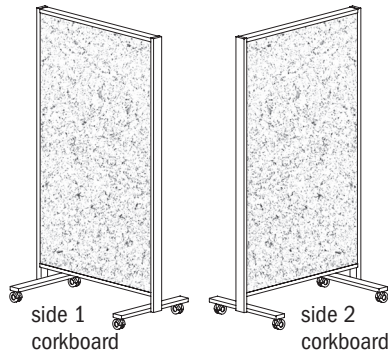

NAB2442-75MTKS

Tackboard on one side, choice of markerboard or corkboard on reverse side; specify when ordering.

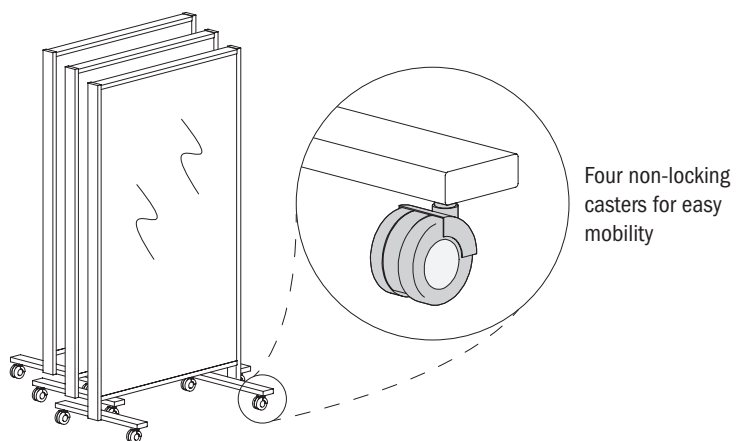

NAB2442-75MMB

Markerboard both sides, corkboard both sides, or combination markerboard and corkboard; specify when ordering.

Overall dimensions

Wide base for stability

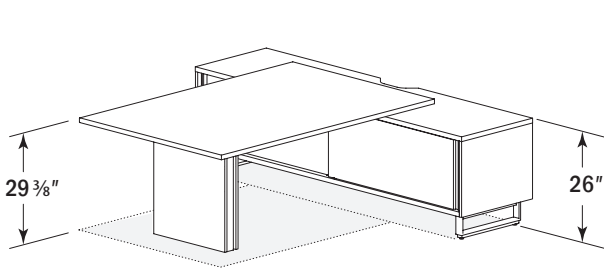

Offset Nesting

Provides for organized storage

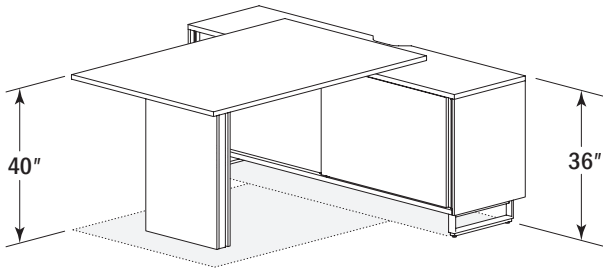

Native Product Information

Peninsula Tables with Credenza

Peninsula tables with credenza applications are offered at standard desk height and standing height. See below for overall unit heights.

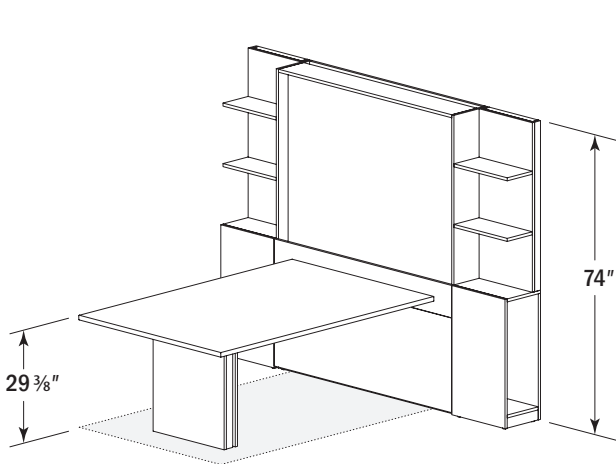

Standard Desk Height Peninsula Table
Connects to a 26"h Credenza

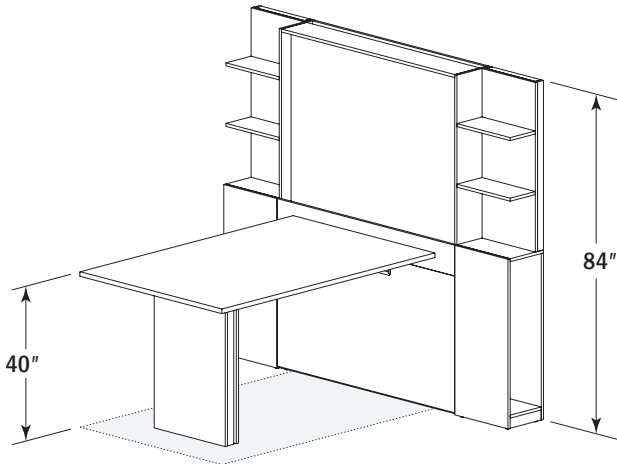

Standing Height Peninsula Table
Connects to a 36"h Credenza

Runoff Tables with Media Walls

Runoff tables with media wall applications are offered at standard desk height and standing height. See below for overall unit heights.

Native Product Information

Media Wall Applications

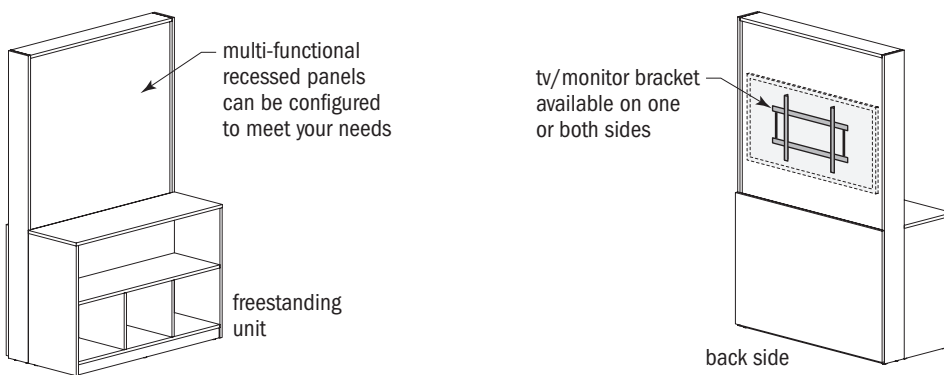

Media Wall - Wall Dependent

Media Walls have unfinished backs and are designed to be attached to a wall. Open Shelf and Side Access Wardrobe Towers are available and attach to Media Walls.

Media Wall Space Divider - Media Back

Media Wall Space Dividers with Media Back must be attach to a Runoff Table for support. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

Media Wall Space Divider with Media Shelf - Media Back

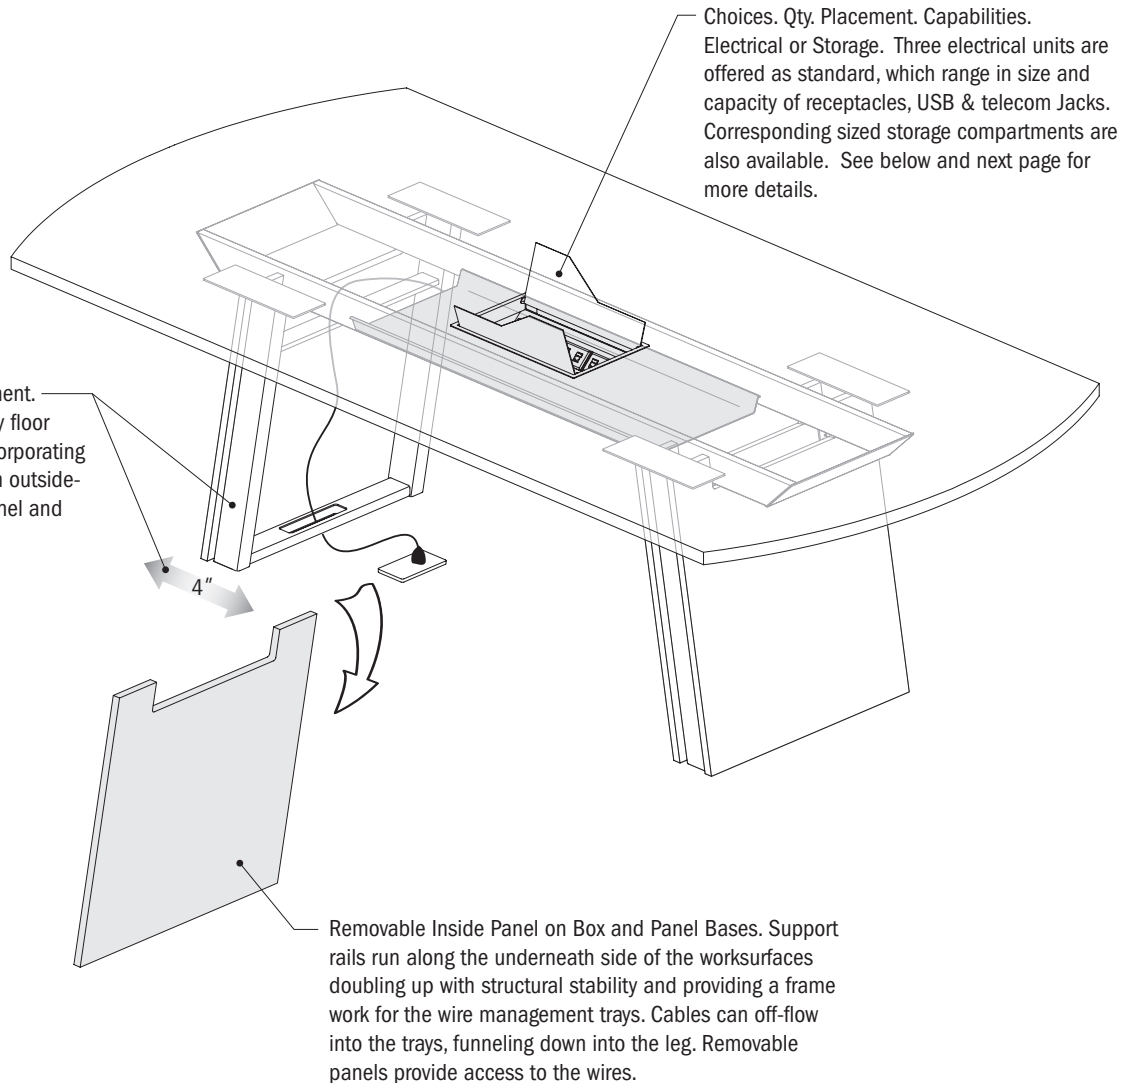

Media Wall Space Divider with Media Shelf is a freestanding unit. Runoff Tables can be attached to the back side of unit but is not necessary. The recessed panels on these dual sided units can be mixed and matched with contrasting laminates or veneers, and markerboards. TV brackets also available on one or both sides. Units not to be used with Open Shelf or Side Access Wardrobe Towers.

Native Technology

Wire Management

Native accommodated wire management needs in a variety of ways, from ample technology choices to innovative adjustments.

Base Location Adjustment.
Native addresses tricky floor core placement by incorporating 4 inches of travel, from outside-in, on both ends of panel and box bases.

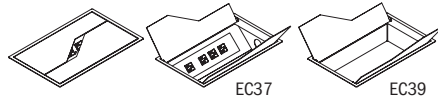

Worksurface Power Units and Storage Compartments

(See chart on next page for cutout code configurations)

Description

Rectangular Table with Open Loop Base

Laminate Tops "NAT" Models

Features:

- two metal, open loop bases with structural support rails
- one-piece top
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 36" wide - \$2,030, for 42" & 48" wide - \$2,354, for 54" wide - \$2,694
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Boat Shape 2pc Table with 3 Open Loop Bases

Laminate Tops "NAT" Models

Features:

- three metal, open loop bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- narrow end of 60" wide table is 48"d; narrow end of 54" wide table is 42"d
- metal frame available in powder coat, no upcharge, or chrome, add list upcharge: for 54" & 60" wide - \$3,501
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
- magnetic wire manager available: order separately see page [NA124](#)

Description

Rectangular 2pc Table with 2 Panel Bases

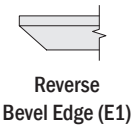

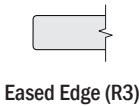

Features:

- two panel bases with structural support rails
- two-piece top
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,354, for 54" & 60" wide - \$2,694
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)

Laminate Tops "NAT" Models

Features:

- two panel bases with structural support rails
- one-piece top
- narrow end of table is 36"d
- glass top has additional seams

Options:

- metal base frame available in powder coat, no upcharge, or chrome, add list upcharge: for 48" wide - \$2,354, for 54" & 60" wide - \$2,694
- worksurface power & storage available, specify cutout code and order power units separately, see pages [NA14-NA15](#)
