

OLYMPIAN
MODULAR LOUNGE

Olympian combines pleasing aesthetics and thoughtful functionality with a complete collection of freestanding, modular and bariatric lounge components that celebrate relaxed and formal waiting, collaborative and open plan public space environments.

OLYMPIAN
A THOUGHTFULLY DESIGNED MODULAR LOUNGE COLLECTION

^
FREESTANDING CONFIGURATION

Olympian freestanding components are available in one, two and three seat units with choice of fully upholstered or wood arm cap options. Magazine tables, end tables and ottomans round out the freestanding collection.

> BRIGHTON FINISH

MODULAR CONFIGURATION

Olympian modular components are available in an assortment of one, two and three seat lounge or bench units and bariatric units with fully upholstered or wood cap arms. Modular tables easily connect to seating, and are available in an array of shapes and sizes.

> BRIGHTON FINISH

FREESTANDING CONFIGURATION

For collaborative environments Olympian features an optional tilt and stow tablet arm that allows for fold down storage when not in use. Mobile pod ottomans feature an inner storage compartment to help keep lounge areas clutter free.

> BOURBON FINISH

MODULAR CONFIGURATION

Modular lounge and bench units feature intervening arms to define individual seating spaces within large public seating environments. Benches provide access from both sides and are ample in width and depth to allow extra space for personal items while seated. Modular linking tables are available with veneer or laminate tops.

> BOURBON FINISH

FREESTANDING COMPONENTS

OLYMPIAN FREESTANDING FEATURES A GENEROUS 5-INCH ARM WIDTH AND A 16.75-INCH SEAT HEIGHT FOR A MORE COMFORTABLE AND RELAXED SITTING EXPERIENCE.
