

protocol

executive & conference swivel seating

designed by Mike Shields

protocol

elegance and flexibility.

Protocol is a management, executive and conference chair that brings elegant lines and graceful curves to the work place. Beneath the stylish exterior is a working chair that embodies comfort and flexibility.

protocol

a blend of traditional and contemporary

Offered in two heights, Protocol seating is ideal for office and conference environments. The unique design of the chair crosses the spectrum from traditional to contemporary.

introduction

protocol

sophisticated options

With seven arm styles, back and tilt options, and a complementing wood crown detail, Protocol creates many sophisticated looks to sync with workspaces of all kinds.

introduction

protocol

product offering.

Enhancements to our current Protocol offering include new arm, base and caster styles that deliver a refined, elegant aesthetic while maintaining the seat's original flexibility and comfort.

protocol

back heights

Offered in both high back and mid back heights, Protocol is well suited for executive and management applications. The seat and back are contoured to provide extra comfort as well as lumbar support.

back styles

protocol

wood crown

top any mid or high back seat
with a solid maple crown,
available in several finishes

back styles

protocol

aluminum cantilever arm

a sleek, premium look can be achieved with Protocol's new aluminum cantilever arm, which pairs perfectly with the new aluminum base

arm styles

protocol

urethane cantilever arm

Protocol's new black cantilever arm blends with any work space for a clean, functional look.

arm styles

protocol

urethane loop arm

an alternative to traditional arm bases, the new loop arm provides a unique, contoured aesthetic without lacking in support

arm styles

protocol

slim profile T arm

providing a sturdy yet streamlined appearance, the new slim profile T arm can adjust its horizontally and vertically for the best support

arm styles

protocol

upholstered arm

finished in leather or fabric,
the upholstered arm provides
premium comfort and style

arm styles

protocol

adjustable T arm

Protocol's original T arm provides a classic look with added functionality, adjusting 1.5" horizontally or 3" vertically to the desired resting height

arm styles

protocol

wood cap T arm

for a traditional look, Protocol offers an optional wood cap for its adjustable T arm, which coordinates top to bottom with a wood crown and wood base

arm styles

protocol
