

SHUFFLE

# SHUFFLE

We all shuffle paper work, shuffle cards and occasionally shuffle our feet, but shuffle our furniture? With Shuffle modular caseloads it's easy to assemble and reconfigure office spaces, and add or subtract furniture components. Start simple for small offices or go big for expanded solutions. Shuffle allows your furniture to move, grow and change without damage for great looking workspaces. Tops feature semi-open pore grain with a satin finish and our DuraTex low emission topcoat.

## SHARED WORKSPACE

DETAILS

FLAT EDGE COMPONENTS

Flat edge components allow clean lines and make building flush fit wall units a snap.

OCCASIONAL TABLES

Sofa, magazine and end tables complete the Shuffle collection and allow for coordinating lounge environments for an entire facility solution.

FROSTED AND CLEAR GLASS ACCENTS

Overhead storage cabinets are available with frosted or clear glass doors for an upscale appearance.

MODULAR

Modular, non-handed components and simple connecting hardware enable this modular casegoods collection to configure and reconfigure to how you work best.
